Strategic Insurance Services Introduces Game Changing Idea; Part-Time and Gig Economy Workers Check Out: InsuranceSideHustling.com

CISION PR Newswire January 21, 2020

CLEARWATER, Fla., Jan. 21, 2020 /PRNewswire/ -- Strategic Insurance Services (<https://www.getstrategicins.com/>) recently announced the launch of its unique insurance sales and training platform: www.InsuranceSideHustling.com. The platform was created by industry leading insurance advisor, Doug Levi, to address a major gap in the part-time freelancing market, commonly referred to as the gig economy. InsuranceSideHustling.com teaches the basics of insurance sales and provides a path to help those who want to sell home and auto insurance part time, all from the comfort of their own residence.

"Regardless of the ups & downs in the economy, people will always need insurance, said Doug Levi, Chief Encouragement Officer at Strategic Insurance. It's surprising that a side-hustle hadn't been developed for home and auto insurance sales. The income potential is significant, and the marketplace for insurance is huge. With InsuranceSideHustling.com we've created a program that takes our team's insurance knowledge, and helps train new people to become a trusted insurance broker — all in their spare time. our team supports behind the scenes doing the service and admin work. Since rolling out this platform last year we are getting about 20-50 new applicants a month, and have had people as young as 19, and as old as 71 all want to come on board."
